Project VR Walkthrough

“ After being in field , most of us had face the problem to make client Visualizing the psace before it getting done. In terms of souldion we come up with VR innovation. our virtual reality view will gives you actual space visualisaion before the space getting the shape.”

Virtual Reality

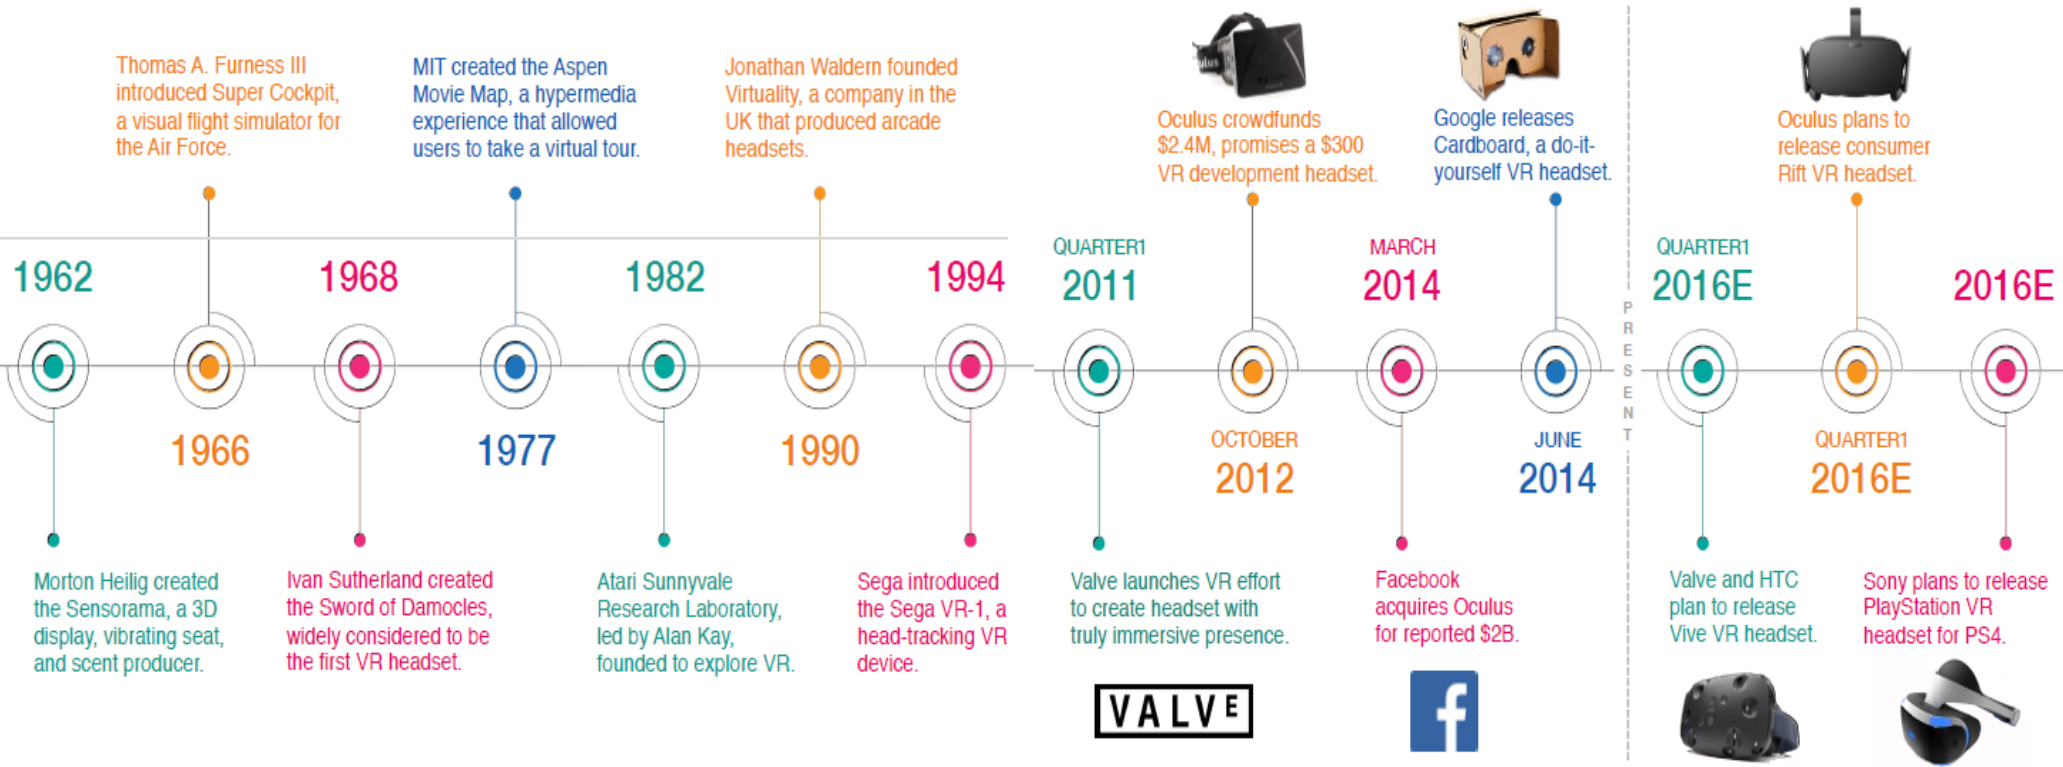

What is Virtual Reality

Beginnings of VR

Investments

Modern Era of VR

Investments

Our mission is to Defy Reality

We are a talented, enthusiastic team of research scientists, engineers, 3D artists and project managers all committed to your success.

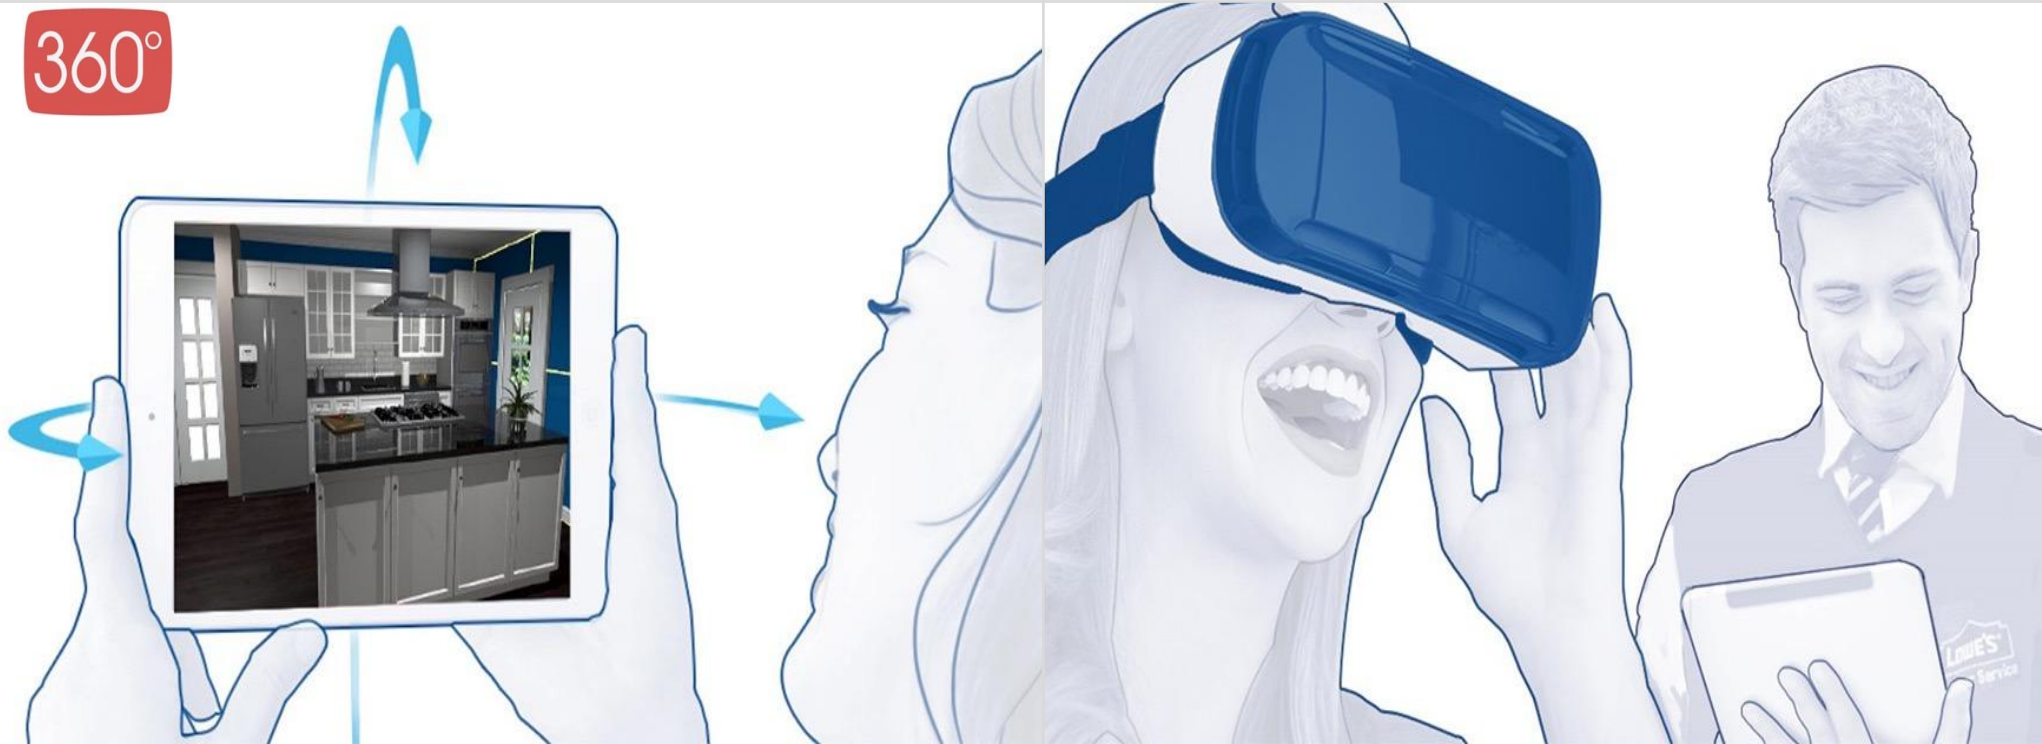

- Show your products in a buyer's personal context, where it matters most
- Access & configure your entire product line, from anywhere
- Reduce physical marketing costs, such as samples & showrooms
- Equip your team with interactive & engaging selling tools
- Accelerate sales cycles
- Generate new direct-to-consumer leads
- Innovation & media value

Highlights about VR

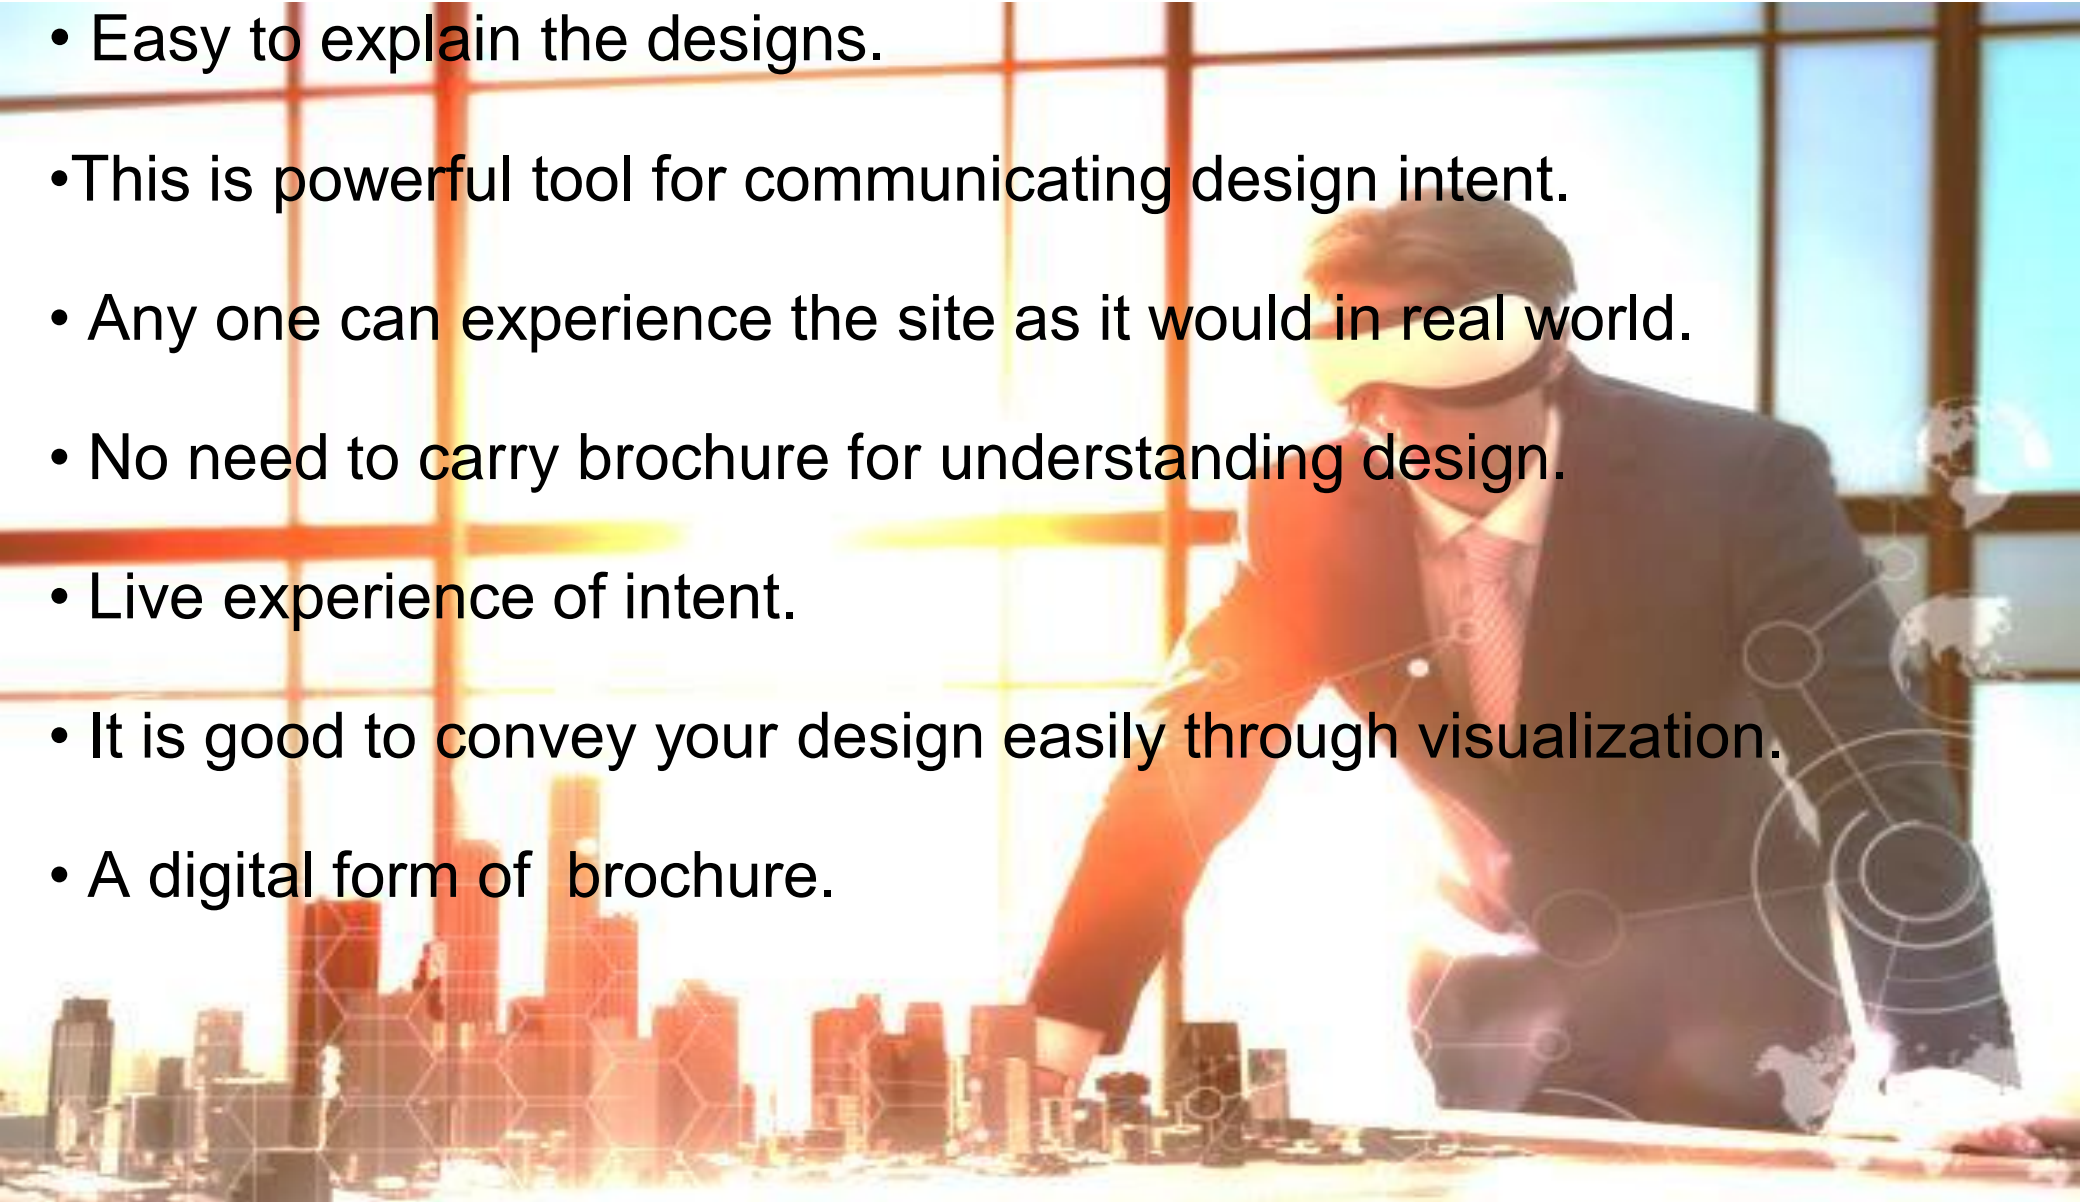

Engage shoppers at home:
iPad composition, YouTube 360
visualization (and sharing)

Drive store traffic with a
unique retail experience

Why Virtual Reality?

- Easy to explain the designs.
- This is powerful tool for communicating design intent.
- Any one can experience the site as it would in real world.
- No need to carry brochure for understanding design.
- Live experience of intent.
- It is good to convey your design easily through visualization.
- A digital form of brochure.

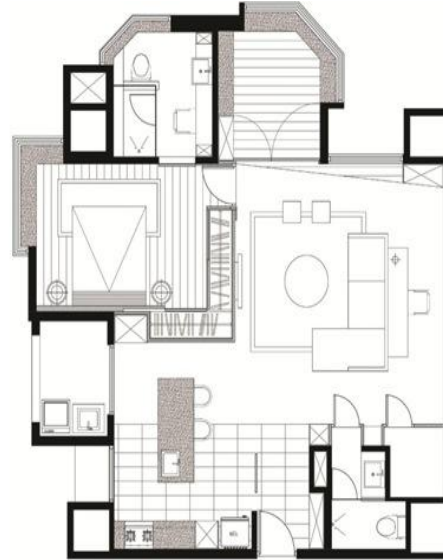

How it works

We'll deliver your project in 6 sprints (1 month)

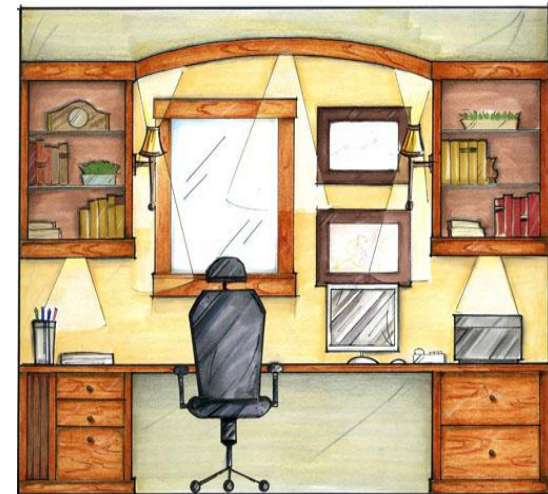

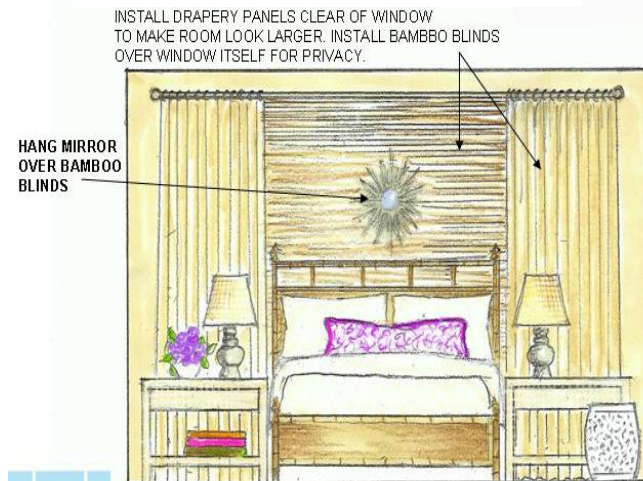

Sprint 1

Project Setup:
Basecamp, Features &
Business Rules

Sprint 2

Planning:
Furniture and other
specific
Requirements &
Priorities

How it works

We'll deliver your project in 6 sprints (1 month)

Sprint 3

App Demo:
material specification &
Final Requirements

Sprint 5

App Demo:
creating a 3d view ,with
correction .

Sprint 4

App Demo:
Collections, first render
view

Sprint 6

Final :
Creating a live 360 VR
model view

Before we used to do

Now we transform the process
